Testimonials

We have just returned from a holiday on the Pacific Jewel, which stopped in Gladstone. We loved the visit! To be welcomed with a green Gladstone shopping bag by such friendly and enthusiastic people was just great! It's a pity we couldn't have stayed a few days - but we managed to see the markets and walked to the top of the steps for fantastic views and had a look around the museum. Naturally, as well as shopping and eating! Maybe next time.....
